Course Description

Exploring Perugia is an interdisciplinary course that focuses on achieving a basic level in cultural and linguistic-communicative competences (speaking, writing, reading and comprehension) regarding familiar contexts, everyday life activities and simple interaction with native speakers. At the same time, it introduces students to various, relevant aspects of contemporary Perugian life and Italian culture, asking them to reflect on their own experience of immersion in a different cultural environment. This course has three pillars: language, culture, and reflection. Basic Italian language instruction is at the core of the class. Students will learn fundamentals of the Italian language in order to interact with Italians in various real-world settings. Second, they will use their language learning as a vehicle for delving into the richness and complexity of Italian culture. Third, students reflect on their experiences living in a new culture and understanding how this has impacted their perspective on the United States and their sense of their own identities. Through engaging in interactive assignments, and participating in group activities, students will learn to live in their new environment, build competence and confidence as global citizens, and understand how they can leverage their Perugia experience for their future personal and professional success.

Course Purpose

Students will acquire basic skills in speaking and understanding Italian, study Italian culture and experience it first-hand, and reflect on what they have learned both about Italy, the United States, and themselves through their study abroad experience. This course is the equivalent of a standard first semester college-level Italian course in the United States.

Course Learning Objectives

At the end of the semester, students will be able to:

- 1. Demonstrate foundational skills in speaking and understanding Italian, including:
 - a. recognizing and using words and expressions of daily and common use;
 - b. *participating in* conversations at a basic level in everyday situations (talking about oneself, asking information, giving and receiving instructions, shopping, reading notices, etc.);
 - c. *understanding* short texts (menus, signs, announcements, timetables, notices, recipes, short newspaper articles, etc.);
 - d. composing short passages about their daily lives and direct experiences.
- 2. Participate in discussions of contemporary Italian culture.
- 3. Engage in critical evaluation of their own culture, Italian culture, and other foreign cultures, including:
 - a. articulating U.S. cultural rules, norms and biases;
 - b. understanding how their own experiences have shaped their values and priorities;
 - c. knowing how to respond productively to cultural differences;
 - d. *valuing* what is important to members of another culture, including their history, politics, communication styles, economy, beliefs and social practices;
 - e. *interpreting* cross-cultural experiences from multiple worldviews and *respecting* the rights and feelings of other cultural groups;
 - f. asking complex questions about their own culture and other cultures, seeking out answers to those questions that reflect multiple cultural perspectives.
- 4. Understand and articulate the unique benefits of their study abroad experience and anticipate how to leverage those benefits for their future personal and professional success.

Course Materials:

All students in ITAL 101 will be provided with a personal copy of the Umbra Italian 101 textbook: *Allora! Corso di italiano per stranieri*.

Assessments

The fundamental approach of this class is the following: the class will nudge you to recall and use what you've learned about the Italian language. There are *many* low stakes, low stress weekly quizzes that together make up a significant part of your grade. Be sure to consult Moodle and <u>mark the due dates in your calendar</u> as missed assignments accumulate quickly. Final grades will be based on the following:

Attendance in class (10%)

You have to be in class to learn Italian. If you're in class, you'll be able to participate in the various exercises. If you're there, full credit! Class is two days a week. You can have up to one unexcused absence before this grade starts to go down.

Participating in class with completed homework (30%)

Another important part of learning Italian is doing exercises after class to practice what you've learned. The next day that practice will be part of class. All the written exercises in the book are essentially pass/fail: if you did them, full credit!

Weekly quizzes (30%)

There are some online quizzes on Moodle, which you may retake as often as you wish/need in order to reinforce vocabulary and key grammatical concepts. You may repeat these exercises as often as you want: your average score is what will count.

Final Exam (30%)

The final exam will be cumulative: it will cover material from the whole semester.

Grading

Letter grades for student work are based on the following percentage scale:

Letter Grade	Numerical Score	Student Performance
Range	Equivalent	
A	93% - 100%	Exceptional
A-	90% - 92%	Excellent
B+	87% -89%	
В	83% - 86%	Superior
B-	80% - 82%	_
C+	77% - 79%	
С	73% - 76%	Satisfactory
C-	70% - 72%	•
D+	67% - 69%	
D	63% - 66%	Low Pass
D-	60% - 62%	
F	59% or less	Fail (no credit)

Attendance & Lateness Policy

Class attendance (in person or through live connection) is mandatory. All students are allowed 1 "sick day" (i.e. unexcused absence), which does not need to be justified. It is the student's responsibility to keep it in case of real necessity. i.e., sickness or any other unforeseen inconvenience that may prevent students from being in class. More than 1 absence will affect your final grade by 4% per absence. Excessive unexcused absences (4 or more) may result in a failing grade or disciplinary action. Three late arrivals to or early departures from class will count as an unexcused absence. It is the student's responsibility to be aware of the number of absences or late arrivals for each course, and to ask the instructor when in doubt.

If students miss class, they are responsible for obtaining class notes from other students and/or for meeting the professor during office hours. Any work missed in class because of an excused absence may be made up within one week of the return to the class. Any work missed that was a quiz or other test must be made up outside of class time and will, in the interest of intellectual honesty, be a slightly different test than the one given in class.

Presence during mandatory field trips is especially important. Missing a mandatory field trip for a course, unless for a very serious reason that is communicated to Umbra staff in a timely manner, will be considered the equivalent of two unexcused absences. As such, absence from the co-curricular field trip will lower students' final grade in that course by 4% (the equivalent of two unexcused absences).

Additional absences relating to illness may be approved by the Director but only if a medical certification is provided. Except in the case of medical emergencies, absences are not accepted when tests are scheduled; tests cannot be made up. Furthermore, scheduled times and dates indicated for exams, quizzes, oral presentations, and any other graded assignments cannot be changed for any reason. Even if more sections of the same class are activated, students may only take exams during the scheduled times and dates for the section they are enrolled in.

Academic Integrity

All forms of cheating (i.e., copying during exam either from a fellow student or making unauthorized use of notes) and plagiarism (i.e., presenting the ideas or words of another person for academic evaluation without acknowledging the source) will be handled according to the Institute Academic Policy, which can be found in the Umbra Institute Academic Policies and Conduct Guidelines.

Classroom Policy

Students are expected to follow the policy of the Institute and demonstrate the appropriate respect for the historical premises that the school occupies. Please note that cell phones must be turned off before the beginning of each class.

Moodle

Please note that Moodle, not this syllabus, is the ultimate reference for due dates, assignment prompts, and course announcements. It is <u>the student's responsibility</u> to check the site regularly to be aware of announcements as well as to see and record all due dates for assignments.
